Training for W/T Training for GROUND Staybained Agents		MARKED FOR INDEXING NO INDEXING REQUIRED	
Confirmation of training dates listed below.		INDEXING CAN BE DONE BY QUALIFIED HQ STAFF ONLY	

W/T Training is herewith requested for the following agents on the following dates:

1. **GRIP-1** in Frankfurt from 11 July to 22 July 1960. This is the agent about whom we recently called you. Since we know that GRIP-1 was also scheduled for training during this same period, or thereabouts, we wanted to find out whether you would be able to handle both agents at the same time. There is one additional point with this agent that may complicate matters somewhat - he is newly married and has requested that some sort of cover story be worked out so that he can explain his absence to his wife. While all this will be arranged down here, he may have to go out every day to check general delivery at the post office to pick up mail from his wife. Agent has also informed us that at several previous trainings, for one reason or another, he has failed to make contact with the training officer and was forced to go back home without training. These unfortunate experiences, plus the fact that training is now held in Berlin which is even farther away than Munich, has made him extremely shy in making about contact arrangements. These will be laid out with him ahead of time beforehand and given to you by phone, appropriately disguised as per AKA 58-2123 dated 3 November 1959. In a recent letter agent told us that he has suffered a "broken home" but mentioned that it is getting better. It is assumed that this will not affect his training. He will be away for or three days at the end of his training session, preferably in Germany. We'll check with you on this when we call in the contact instructions. If you can make it we'll supply all the equipment (including a ready-made contact card) as we did in the previous GROUNDSTAY exercise.

2. **GRIP-15** in Frankfurt from 10 July to 6 August 1960. Agent was pleased that you thought he did well the last time and thinks he'll do even better this time. Contact instructions will be passed to you a week before he leaves.

3. **GRIP-16** from 11 August to 24 August 1960. This is a very experienced agent who has been working with his vacation and with a drop in the Berlin scene, which is a business sideline of his. Contact instructions will be passed to you as above. We assume that a field supervisor at the end of the training session is contingent on agent's performance and your schedule. We'll check with you on this when we call in the contact instructions.
